Bluetooth pairing steps

Primary Phone Pairing
1. Wiht the headset powered off, press and hold the
multi-function button for 5s until the LED flashes red
and blue
2. Turn on the bluetooth settings from your mobile
device. Locate the bluetooth headset to pair with the
name MP 100. If it prompts to enter a passcode, enter
0000.
3. Once the phone is connected to the headset, the
LED light will turn blue to indicate successful pairing.
You will now be able to enjoy hands-free calls and
music!

Secondary Phone Pairing
1. Once the primary phone is successfully paired to
the headset, turn the headset off.
2. Repeat the pairing steps as detailed in the Primary
phone Pairing section for the secondary phone.
3.When the connection is successful. it will be paired
to two phones at the same time.
