HOW TO CHARGE

Fully charge the Pebble before first use.

NOTE: It takes approximately 3 hours for a full charge.

Connect the USB-A plug to a charger with a 5W power output, and insert the USB-C plug into the charging port.

BLUETOOTH PAIRING

1. Turn on the speaker, the speaker will have a voice prompt "Ready to Pair".
2. Ensure your device's Bluetooth setting is turned on.
3. Search for devices and click "MyBat Pro Pebble" to pair the speaker to your device.
4. Once paired, you will hear a voice prompt of "Paired Successfully."

PLAY MODES

Aux: Use the included 3.5mm auxiliary cable to connect the speaker to your device. Once connected, you will hear a voice prompt of "Line In."

USB: Once you insert your USB Drive into the slot, you will hear a voice prompt of "U Disk" and your music will begin to play.

FM Radio: Press the Mode button to use the built-in FM Radio. You will hear a voice prompt of "FM Tuner" once entering the mode.

NOTE: We recommend plugging in an auxiliary antenna for the best reception.

DUAL SPEAKER PLAY

1. Take out two MyBat Pro Pebble speakers, turn them on and put them together.
2. Make sure the speaker is not connected to the phone.
3. Long press the M button 3 seconds to enter TWS mode, the two speakers will be paired automatically.
4. Connect the Bluetooth device, the sound can be emitted from the two speakers at this time.

IMPORTANT

To ensure proper use of this product, please take the time to read this instruction manual carefully before use. Please observe all the instructions about safe operation and please keep this instruction manual in a safe place for future reference.

1. Protection of power supply wire: Do not place the cable in the path of foot traffic. Do not place heavy furniture on the cable. Never pull the cable to unplug the unit from the socket, always disconnect the unit from the main power supply by pulling the plug out of the socket.
2. Ventilation: In order to prevent this unit from overheating, place it in a well-ventilated area on a stable surface. Never place it on a bed, sofa or carpet where the ventilation will be restricted.
3. Dismantling: In order to avoid the risk of electric shock, do not dismantle the unit. Should your unit be faulty or broken please refer servicing to an authorized service center.
4. Strange Odor: Should the speaker emit any strange odor, immediately unplug it from the wall socket. Do not use the unit again until you have had it repaired or contacted the manufacturer.
5. Do not expose this unit to liquid of any kind.

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
- (1) This device may not cause harmful interference, and
 - (2) this device must accept any interference received, including interference that may cause undesired operation.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
