

SPORT FIT+ 2.0

WIRELESS OPEN-EAR HEADPHONES

User Manual

Model: MyBat Pro Sport Fit+ 2.0

WELCOME

Thank you for purchasing this MyBat Pro product. Please read this user manual carefully and keep it for future reference.

Sport Fit+ Wireless Open-Ear Headphones adopt the advanced bone conduction technology which allows sound to transmit to your auditory center through your skull instead of air in your ears.

There is almost no noise during sound transmission. Maintain high fidelity of sound to the greatest extent. Bone conduction saves many steps of sound wave transmission, which allows you to have clear sound in a noisy environment. These headphones are specially designed for activity, so you can listen to music while being completely aware of your surroundings.

PACKAGE INCLUDES

PRODUCT OVERVIEW

1. LED Indicator
2. Multifunction Button (MFB)
3. Microphone
4. Charging Port

HOW TO WEAR

These headphones are open-ear design, which means they do not cover your ears. The headphones should be placed on your head in front of your ears.

CHARGING

- Fully charge the headphones before using the first time.
- Ensure the USB port is dry before charging.
- Headphones should be turned off before connecting to the power supply.
- While the headphones are charging the indicator light will remain red. Once the charging is completed, the red light will change to blue.

POWER ON/OFF

1. Power on: Press and hold "MFB" button for 3 seconds, the headphones will be turned on, and a voice prompt of "Power on" will be issued.

2. Power off: Press and hold "MFB" button for 5 seconds, the headphones will be turned off, and a voice prompt of "Power off" will be issued.

Note: The headphones will automatically turn off after no connection within 5 minutes. After inserting the charging cable, the headphones will automatically turn off and enter the charging state.

BLUETOOTH PAIRING

1. Turn on the headphones. Press and hold "MFB" button for 3 seconds, the headphones will be turned on.
2. Ensure your device's Bluetooth setting is turned on.
3. Search for devices and click "MyBat Pro Sport Fit+ 2.0" to pair the headphones to your device.
4. Once paired, you will hear a voice prompt of "Connected".

- Standby Time (Off State): 2000 Hours
- Standby Time (Connected State): 120 hours
- Waterproof: IPX6
- Charging Voltage: DC 5V
- Product size: 131.2 x 98.9 x 41.7 mm
- Product weight: 24g

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
 - (2) this device must accept any interference received, including interference that may cause undesired operation.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
